Please keep your microphone muted when you are not speaking. Please turn off your video if your bandwidth is low.

## Agenda:

0. Ratification of minutes of last meeting
1. Salaries to teachers -- Utilisation of teachers time.
2. Work for teachers -- Should we require them to participate in either a Whatsapp based school or mini-school?
3. Couple of additional options for the funding formula to ensure we are not facing a deficit in a year.
  - a. Lower the allocation even further to say 60% or even 50% and allow the steward to spend any amount they raise specifically for their project over on top of this allocation.
  - b. Give them the allocation of 70%. But the first X amount they raise for the project (say 20% of their allocation) will be adjusted against this 70%. Only donations for the project beyond this X can be used beyond this 70% expenses and even that only up to 100% of their budget - expansion.
4. Project funding allocation. Bhaskar to send the excel file.
5. WCR computation discussion in ARC. I will send the allocation table based on his data.
6. Review of our asset register and assessing needs in various projects for laptops. Attached here.
7. Fundraising and any other updates.
