

## Volunteer Work Required

Here is a table that highlights the important volunteer resource needs for now (as of Nov 2024).

<b>Area</b>	<b>Work Required</b>	<b>Skills Needed</b>
<b>Fund Raising.</b> We are currently only following up leads that come to us and are not actively seeking leads.	Reach out to companies and foundations for support	Comfort with Emails / Internet / English communication. Overall management / coordination experience.
<b>Publicity</b> - We have a website, facebook/Instagram pages and brochure. We also have corporate presentations.	Website and corporate presentations need to be improved. Social media presence needs to be improved. Broader PR strategy needs to be defined.	PR experience and comfort with UI/UX, documentation, marketing etc. would help.
<b>Project Management</b> - Most of the projects can use another steward or two to work with existing stewards.	Monitor projects. Visit them. Plan on ways to improve education at the schools. Write reports to donors. Manage accounts of the project. etc.	Ability to travel to rural areas esp. on working days. Good knowledge of Tamil/Hindi. Comfort with Emails / Internet / English communication. Overall management / coordination experience.
<b>Teacher / Student Training</b>	We train our teachers on English, computer skills and other areas. English mentoring is done over emails and over phone calls or Google meet. Computer training is also nowadays done over the net.	Good skills in English, Computer Science or other areas. Availability of about 3 hrs a week and somewhat flexible time.
<b>Software Development</b>	Currently 5 developers are developing the Asha Kanini app, the various trackers, managing contents, packages etc. The data analytics work is done by Rajaram. Setting the requirement, testing the developed software etc. requires work. On the analytics side more work on SW development is also required.	Software developers with good knowledge of the following: Web Development. Javascript. Node / Express JS / React etc. MySQL database. Perl scripts. Statistics.
<b>Content</b>	Several initiatives underway	Experienced teachers.

<p><b>Development</b></p>	<p>such as,  1. Lesson plans for Maths/English/Science/Tamil.  2. CS Curriculum for our Rural Technology Centres.  3. Training manual for Asha Kanini. Training manual for Rural Technology Centre courses etc.  4. Variants of the ACE curriculum. Teacher training guide for the same.</p>	<p>Knowledge of computers and understanding of technology aided learning.  Ability to travel to rural areas will be a big plus.</p>
<p><b>Program Management</b></p>	<p>Several functional areas have their own challenges in implementation, pedagogy etc. Interacting closely with the teachers implementing these and defining how that program can work within Asha context is required. These include,  1. Karadi Path programme.  2. Libraries as activity centres and building the habit of reading.  3. Explore, ACE.  4. RTCs.  5. Science education.</p>	<p>Knowledge of the functional area.  Ability to travel to rural areas a must to see the challenges in person.  Overall management / coordination experience.</p>
<p><b>Event Management</b></p>	<p>Asha holds several events during the course of a year like RightStart, Asha Impressions, two ACE Impressions, two RTC Impressions, Dec CS training, student excursions, teacher excursions, etc. Transportation, accommodation, scheduling, invitation of guests/judges/trainers, etc. need to be handled. Further many of these require reporting, PR, media coordination etc. where we fall short.</p>	<p>Event Management experience. PR experience.</p>
